

# ILB-GR

INTEGRATED LOAD BEARING GRENADIER PACK

The PROJECT7 **INTEGRATED LOAD BEARING GRENADIER PACK** (ILB-GR) is the direct result of end user feedback of P7's 40mm Pack. With the amazing response to the ILB-40MM, this pack utilizes the same 3 compartmental design, but with an added foam block in the internal compartment that holds 6 cannister grenades. In addition, the outside compartments will hold 15 rounds of 40mm less-lethal projectiles between them. **AMMUNITION NOT INCLUDED. (Ammunition not included)**

## KEY FEATURES

Key features for **ILB-GR** include:

- External 10.5"x5.5", padded, elastic lined top pocket built to carry five, 40mm less-lethal projectiles
- External 10"x10", padded, elastic-lined bottom pocket built to carry ten, 40mm less-lethal projectiles
- Large internal 10.5"x16.5", padded, elastic-lined, isolated compartment to house 6 cannister grenades in a custom foam block
- Webless MOLLE/PALS surfaces on the outside of the pack for additional gear attachment
- Removable shoulder straps with magnetic sternum strap
- Constructed of Squadron and 500D Cordura

**NOTE:** ILB-MD is fully compatible with the PROJECT7 ILB vest integration system sold separately.
