

The AVATAR® III is a rugged, easy-to-use tactical robot that enhances the capabilities of law enforcement and first-responders by allowing them to safely and quickly inspect dangerous situations. The AVATAR III is completely customizable with plug-n-play payload bays, allowing users to build the robot to fit their needs.

#### AVATAR III KEY FEATURES:

- Allows quick and safe inspection of dangerous situations and easily navigates various terrain
- Keeps first responders out of harm's way
- Two-way audio
- Regarded by tactical teams as a standard operational tool, similar to a vehicle or piece of body armor

BASE PLATFORM

PTZ CAMERA

HAZMAT DETECTOR

EOD/STANDARD REACH ARM

TACTICAL EXTENDED ARM
