

[ M4 NOT INCLUDED ]

The NEW **SCALABLE PLATE RACK** (SPR) from **PROJECT7 ARMOR** is purpose-built to provide **scalability** from a plate rack to an entry vest, and **configurability** allowing you to change your loadout to fit your mission. [see diagram on page 2] The SPR is designed for special operations personnel who have a broad range of missions including high speed dynamic entries, linear assaults, vertical access work, and rural operations.

### SPR NEWEST UPDATES:

- Optional soft-armor yoke protection
- Optional lower abdominal soft-armor protector
- Optional spine soft-armor protector
- Optional in-cummerbund adaptive pouch system
- Optional FLEX loadout systems

### SPR KEY FEATURES:

- Streamlined, athletic design to provide full range of motion, allow normal shooting positions, and unprecedented comfort
- PROJECT7's "Structured-Texture" shoulder design provides a soft, natural, and high friction shooting platform unencumbered by buckles, straps, external pads, or overlapping armor
- Patent pending, Three-Piece Cummerbund (3PC) design for operator specific sizing, ideal weight bearing, with broad adjustability, and rotational flexibility for unrestrained movement
- Internal radio routing channels to eliminate cables on the surface of the platform
- SAPI based hard armor coverage sized to the individual operator provides greater protection, even for larger operators
- Traditional MOLLE/PALS load bearing surfaces built from Blue Force Gear Ultracomp for increased strength and decreased weight
- Bar tacked anchors for the installation of PROJECT7 ILB Packs and 1PS Single Point Slings

AARDVARK is committed to providing the highest quality and most innovative integrated products and services possible. It is AARDVARK's objective to establish long term relationships with our clients and suppliers by always conducting ourselves with honesty, integrity, and dedication to our end users.

AARDVARK produces fully Integrated Systems of mission-specific modules and industry leading equipment designed to work together to accomplish our client's mission.

AARDVARK provides innovative integration and mission support services with top of market client service from a knowledgeable staff whose primary objective is ensuring the safety and operational effectiveness of our clients.

### SCALABILITY & CONFIGURABILITY CHART

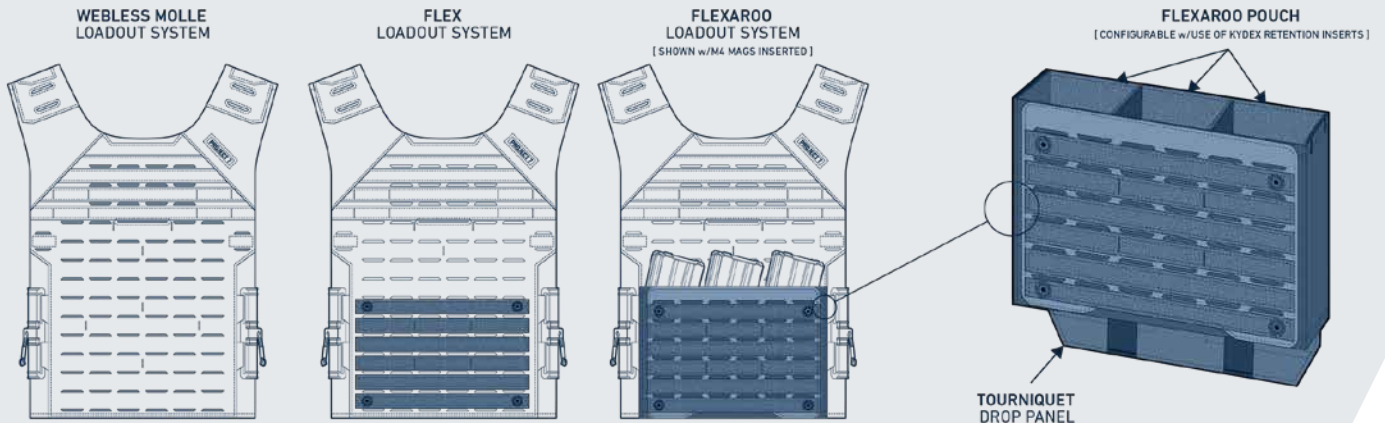

**SCALABILITY** refers to the ability to add optional soft ballistics to the SPR platform, "scaling" it either up or down.

Scalable features include: Yoke no Collar / Yoke with Collar / Throat Protection / Upper Arms Protection / Abdominal Protection / Spine Protection / Groin Protection

**CONFIGURABILITY** refers to the ability to "configure" various features of the SPR to the end-users preference.

Configurable features include: Loadout System / In-Cummerbund Adaptive Pouch / Lining
